

# DERBI-EDGE SENTINEL® FASCIA

## DESCRIPTION

DERBI-EDGE SENTINEL® Fascia is manufactured in 12 foot lengths with pre-punched fastening holes in the galvanized water dam to ensure correct fastener placement and spacing. It has prefabricated miters and accessories to ensure a proper fit and prevent the need for any field fabrication. DERBI-EDGE SENTINEL® Fascia features dual attachment points on both the face and roof deck for added flexibility when accommodating roof irregularities. It is available as an easy snap-on version or a crimp-on version. The DERBI-EDGE SENTINEL® Fascia offers a finish with no exposed fasteners, ideal for a project focused on aesthetics.

## ADVANTAGES

- ▶ Non-penetrating design eliminates the need for stripping-in or heat welding that are typical with other roof edge systems
- ▶ Sizes range from 4" up to 8" face heights to accommodate multiple nailers and coverage requirements.
- ▶ Manufactured in 12 ft lengths with pre-punched holes that are slotted to allow for proper thermal movement
- ▶ FM approved for wind uplift protection
- ▶ Carefully designed and ANSI/SPRI/ES-1 Tested to comply with the International Building Code

## COLORS & FINISHES

Express, standard and premium colors and finishes are available to meet your job requirements. Includes a 30-year Kynar 500 finish warranty on coil-coated standard colors. Custom colors are also available. For the most accurate color representation contact Performance Roof Systems to request a paint chip.

### 10 EXPRESS COLORS FOR QUICK SHIPPING

## TYPICAL INSTALLATION

## TECHNICAL SERVICES

Engineering and shop drawings are available from the factory. Product samples, detail sheets, color chips and color charts are ready for your submittal package. Long form specifications and CAD details are available on our website. For personal assistance with questions or submittals, contact your local representative or call Performance Roof Systems.
