

# SOPRANATURE® DRAIN BOX

Protect drains from debris and particles

## DESCRIPTION

Manufactured from recycled acrylonitrile-butadiene-styrene (ABS) with narrow slots on the sidewalls and small holes on the top cover, SOPRANATURE® Drain Box blocks debris while allowing continuous water flow to roof drains. A 12-inch opening provides unobstructed drain access, and wide bottom extensions ensure the drain box will not float during times of high water intake. SOPRANATURE® Drain Box comes in a standard 4-inch height that can extend up to 32 inches with extension kits.

## ASSEMBLY

Interlock sidewall panels at each corner and stagger horizontal joints. Connect sidewalls to the bottom plate and top cover. Assemblies measuring over 16 inches in height must be screwed together. Refer to the diagram shown below.

## PRODUCT INFORMATION\*

### SOPRANATURE® Drain Box

PROPERTY	VALUE
<b>Material</b>	Black recycled ABS
<b>Length</b>	14.5 in
<b>Width</b>	14.5 in
<b>Height</b>	4.0 in

### SOPRANATURE® Drain Box 4" Extension Kit

PROPERTY	VALUE
<b>Material</b>	Black recycled ABS
<b>Length</b>	14.5 in
<b>Height</b>	4.0 in

\* All values shown are nominal and subject to normal manufacturing tolerances.

## STORAGE & HANDLING

Store product in a clean dry location and cover as necessary to protect from environmental damage such as extreme cold, heat or moisture.

16 inch Drain Box
